

After trying hard to keep the race for the first spot of the table, Babylon lost two valuable points that kept them behind Trakia this week when they played Gunners. The match ended 0-0 despite the tons of scoring chances for both teams. Babylon brought two of their backup players; Joey and Khalid due to injuries and suspensions. The Greens tried all kind of formations in order to get a chance to score but none worked. The main problem was that the forward was not getting the ball; Babylon defense/mid were not able to carry on the ball to the front.

Karim picked two yellows to leave the pitch towards the last 10 minutes of the match. His first yellow was because he did not give enough distance for a throw-in and the second was due to a slide tackle.
