

Babylon started this game with almost full roster; the only absent player was Ali Al-Khafajy. However, MyGO took the lead from a defender mistake and a clash between the attacker and Waleed, the Babylon goalie, to be down 0 - 2. Babylon increased their concentration and Ramin managed to score a goal to end the first half down 1 - 2. Worth noting near the end of the first half, game play was stopped and Amir was asked to exit the field for unmatching socks!

At the second half, Babylon continued to attack, and managed to get a penalty, which Ramin found no trouble in equalizing the score.

Nevertheless, and although Amir was a bit nervous due to the first half incident, he continued to attack and succeeded to score two goals to end the game 4 - 2 for the greens. This was a good come back for the green.
