

Babylon continued the up stream; a well played game although there were many missed scoring chances.

First half ended 1 - 0 for the greens with a brilliant and strong long shot by Ali Al-Kassab. In the second half, Zakaria did great to be face to face with the opponent's goalie before passing for the well positioned Ali Al-Kassab for an easy second goal. Then Issa had a beautiful third goal. After this goal, the greens kind of cooled down and it was not a good thing to do as MyGo picked up their efforts to score two consecutive goals to narrow the difference to one. At this point, and with only five minutes left for the match, Salam went in instead of Mohamed Al Sadoon, who converted a long measured pass by Karim to a well set ball to the advancing Amir, who took a great forceable shot to score the last goal. After this goal, Salam missed a couple of easy opportunities in front of the net.
